the water.

The Association of Aquatic Professionals is committed to helping prevent drownings nationwide. We believe with a little education and training, learning to RESPECT the water and prevent drowning tragedies is within our reach.

**Recognition:** Recognize the signs of non-swimmers, tired swimmers, distressed swimmers and potentially unsafe situations.

**Education:** Learn what factors can lead to drowning.

**Supervision:** Direct, constant supervision is key.

**Physical Barriers:** Provide fencing, safety covers, alarms and life jackets.

**Expectations:** Understand what to expect from the aquatic environment, and the body’s response, know your limits.

**Communication:** Warn and inform family, friends and guests about the dangers that are present in, on and around the water.

**Training:** Learn to swim and how to respond to an emergency.

Help us protect your greatest asset......Life.
